---

Gary,

I hope to find out more this morning at our team meeting. I would hate to cancel since we already canceled one meeting and passed out 150 fliers with the meeting announcement on it and told everyone we spoke with. I told Joy I would drive and drive home after the meeting if necessary, but I really don't want to cancel.

I'll let you know what I find out.

Thanks,

Bill

**Bill:**

**We need to discuss this as it may impact our community meeting scheduled for 12/11 as well as site work.**

**Thanks**

**Subject:** Travel past Dec 11 will not be funded at this time

Thanks to Carlos for the reminder. The Continuing Resolution ends Dec 11. We cannot fund any trips beyond Dec 11 because we do not have an authorized budget past Dec 11. If you are on travel the week of Dec 8, you should plan to return on or before Dec 11. The House and Senate Leaders have said that we will have another authorized budget by that date, but until Congress authorizes a budget and the President signs it, we will not be approving travel that starts or ends after Dec 11. We will not be approving overtime or comp time past Dec 11 for the same reason.
